

Blades on Broadway

2010 Spring Ice Show

Lead Casting Results

We would like to start by saying *thank you* to all skaters for auditioning. Everyone did a great job! The below results are a combined effort from all 10 figure skating coaches on staff here at Arctic Wolf. Most roles require interaction with other characters in the story line. Details on the interaction and the costumes will be discussed with each lead character over the next two weeks. All the music has already been cut and distributed to your private lesson coach. If you have questions please talk to your private lesson coach. We are extremely excited about the casting results and look forward to the Spring Show.
